Dear Sir:

As a former customer of Jerry Matacale, I wanted to take this opportunity to recommend him to you.

I am a Senior Print Buyer for The Hamilton Collection. My company is a direct marketer of collectibles. As such, we buy a considerable amount of pre-press and printing. As an associate of one of our suppliers, Jerry assisted in providing film services to our organization. He was responsible for the account during the initial set up, when a relationship can be the most difficult. During that time, I found Jerry to be responsive, sincere, pleasant, and easy to work with. He made every effort to communicate effectively.

Having worked with Jerry, I feel confident that he could make a contribution to your organization.

Sincerely,

Sara S. Maguire
