Dear Jerry:

I just wanted to take a moment to express my sincere thanks for putting together the redesign on our website. I really like what you came up with, especially the Flash animation on my home page, and the photography of the showrooms looks great!

I've already had a number of positive comments from my customers and the site even helped generate a couple new ones. I will be recommending you to my friends and business associates and look forward to working with you on other promotions for my company in the near future.

Sincerely,
